pany. The work on the wharves has been resumed with all the men available. Gov. Sayers will arrive tomorrow to confer with the Central Relief Committee in regard to giving out a statement of contributions received for the relief of Galveston, also in regard to providing funds for the support of necessary departments of the city government?

The storm swept away a great many cottages which had been placed in vaults in the city cemetery. Another missing comes in that which contained the remains of Charles Coghlan, the actor, who died here on November 27. His remains had been placed in a receiving vault awaiting final disposition upon order of his relatives.

The Galveston Wharf Company has entered into a contract for the reconstruction of grain elevator "B" and the rebuilding of all grain elevators to be completed within sixty days. A contract for repairing grain elevator "A" has already been let.

COLORADO RIVER ON RAMPAGE.

Terrific Flood Sweeping Away Texas Towns—Settlers Flee from Lowlands.

I.A. P. NIGHT REPORT.
HOUSTON, (Tex.) Sept. 24.—A bullet from Austin says:

"It is rumored here at a late hour tonight, that the town of Marble Falls has been washed away by the Colorado River, and that there is a forty foot rise at Kingland. Efforts to reach Marble Falls are without avail. It is a small town of 600 people, twenty-five miles above Austin on the Colorado River, and it is the terminus of a branch of the Austin and Northwestern road. The dispatcher says that at 9 o'clock, all efforts to have the line closed, and had heard nothing of any damage."

"Kingland is a small town in Llano county, also on the Austin & Northwestern, and is near the junction of the Llano and Colorado rivers, both of which are very high."

DESTRUCTION TO SAN SABA.

I.A. P. NIGHT REPORT.
NEW ORLEANS, Sept. 24.—A special from Austin, Tex., says:

"A telephone call received here by the Chief of Police from Llano, says that San Saba, forty miles north of that place, containing about 1000 people, was partly swept away by the flood in the San Saba river which has risen six feet. No bridges have been carried off. No news could be had from San Saba tonight, the wires all being down. It is feared there has been great loss of life in the bottoms, as the river was in the night and cannot without warning."

The Colorado River here at 10 o'clock p.m. was rising rapidly and people in the lowlands had time to move out, having been warned by the police."

ADVISED TO FLEE.

AUSTIN (Tex.) Sept. 24.—Gov. Sayers wired tonight to all points south of here warning notices that the most terrible flood in the history of the Colorado River, which flows by the city, is now surging down through the mountains, gorging its banks, and, he said, is expected at the mouth of the river at midnight.

Along the Colorado water sheds very rapidly during the past few days, and the river is now twenty feet higher than the one that broke the Austin dam and wrecked the city light and power plant last year. It is expected that the advance of this great flood will sweep by Austin about midnight, and all parties in the lowlands to the south of the city and all points reached by either land or sea telephones were communicated with by the Governor with the warning to escape. Great alarm is felt as to the result of the rise.

LLANO RIVER RISING.

I.A. P. NIGHT REPORT.
HOUSTON (Tex.) Sept. 24.—A special from Goldsmith says that there has been no loss of life, but that the

rise in the Colorado River has swept all bridges away and destroyed cattle and crops. Many houses have been destroyed and the remaining families are homeless, though they escaped to the highlands.

A special from Llano says the Llano River, a tributary of the Colorado, is seventeen feet above normal, and has done much damage in the valleys. No loss of life has been reported. Reports from Waco points in Western Texas streams are still high, and the smaller streams are great swells and are sending a large volume of water into the larger streams.

TRINITY AND BRAZOS SWOLLEN.

I.A. P. NIGHT REPORT.
DALLAS (Tex.) Sept. 24.—The Trinity River is higher tonight than it has been since 1890, when it broke its banks. The water tonight licks only six feet off the bridge the last time it was still rising. Owing to heavy rains last night and yesterday on the Elm Creek, the West Fork and the Clear Fork, all of them emptying into the Trinity above Dallas, the prospect is favorable for a stream to pass the 1900 mark. No lives have been lost in the immediate vicinity of Dallas, but cotton and live stock, notably sheep and hogs, have suffered heavily.

The County Commissioners of Dallas county estimate the loss of county bridges at \$25,000, independent of numerous small bridges and the streets and alleys of the city of Dallas, which will be nearly as much. The item of damage to roads and bridges affected in Northern Texas will be about \$25,000. The damage to property here this morning from Fowler, Bosque county, says:

The Brazos River is out of its banks, having risen twelve years and going higher. Big rise will reach Waco to-night.

Fowler is fifty miles north of Waco.

HAVOC OF WIND AT CAPE NOME.

Beach Strewn with Wreckage.
Andrew A. Ryan of Los Angeles Drowned.

I.A. P. NIGHT REPORT.
SEATTLE, Sept. 24.—The steamer Roanoke brings news of another disastrous storm at Nome. It raged with unusual violence for nearly two days up to the evening of September 18, and the wind that over visited Northwestern Alaska.

A number of barges and lighters were driven ashore and totally wrecked. All along the beach for miles, both east and west of Nome, the wind and water have created havocs with tents and mining machinery. A number of lives are believed to have been lost. It is known that Andrew A. Ryan of Los Angeles, who had several partners and seamen on small boats, and missing, and it is thought they are lost.

The Colorado River here at 10 o'clock p.m. was rising rapidly and people in the lowlands had time to move out, having been warned by the police."

GOV. MURPHY FOR CONGRESS.

Nominee of Arizona Republicans—Prediction of Coming Statehood.

I.BY DIRECT WIRE TO THE TIMES.
PHOENIX (Ariz.) Sept. 24.—[Exclusive Dispatch.] Gov. N. O. Murphy is the nominee of the Republican party for the office of Delegate in Congress from Arizona. The vote in the Territorial convention, today, was unanimous, but started with a strength of fifty for Capt. George D. Christy of Phoenix. The opposing ninety-six that selected stood for the Territorial Executive. The new delegate is a sturdy one, in marked contrast with the Arizona Democrats, held in the same hall a couple of weeks ago.

Gov. Murphy, when called before the convention, gave "Statehood" as the keynote of the campaign. He stated his positive assurance that the President is favorably disposed toward the admission of Arizona. He, therefore, believed that the election of a Republican to this office would be in itself an announcement of the passage of a Statehood bill through Congress and of the admission of the Territory within a twelvemonth. Capt. Christy pledged his loyalty to the ticket, and the convention broke up in the best possible humor. George Pusch of Tucson was nominated to be joint councilman from the counties of Pima and Santa Cruz.

A PATHY BEING DISSOLVED.

Hanna Says Republican Indifference is on the Wane.

Trust Suppression.

I.A. P. NIGHT REPORT.
SAN FRANCISCO, Sept. 24.—The Republican City and County Convention reassembled tonight and nominated the following ticket:

For State Senator—Seventeenth Senatorial District, James E. Flynn; Nineteenth, Richard J. Welch; Twenty-third, Edward I. Wolfe; Twenty-third, G. Tyrell; Twenty-fifth, John H. Nelson.

For Assembly—Twenty-eighth Assembly District, Charles R. Franklin; Twenty-ninth, J. F. Collins; Thirtieth, Michael McBride; Thirty-first, John H. Hourigan; Thirty-second, William J. Evans; Thirty-third, D. K. Kilday; Thirtieth, Edward F. Treadwell; Thirtieth, William G. Gilfoyle; Thirty-seventh, R. W. Roberts; Thirty-ninth, Frank R. MacBeth; Forty-first, Hamilton A. Ford; Forty-second, William D. Dible; Forty-third, Lorenzo Henry; Forty-fourth, Martin W. Brady; Forty-fifth, Alexander Campbell, Jr.; Forty-fourth, George C. Gandy.

For Superior Judges—Unexpired term, Frank H. Kerrigan; full terms, M. C. Sloane, Thomas F. Graham, D. J. Murphy, Davis Louderback.

For Superior Judges—Unexpired term,

NEW YORK, Sept. 24.—Senator Hanna reached this city this morning. He said he would remain a week, possibly longer. Of the situation, Mr. Hanna said: "I find that the much-talked-of apathy of the Republicans is being dissolved."

Hanna denied the published interview to the effect he had told Mr. Croker would be given. Croker insisted in view of Hanna's election. Asked concerning his recent statement that there were no trusts, Hanna answered: "I

am not a lawyer leading to the bench that is not filled with debris. Many of the front street buildings standing on the beach have been damaged. Numerous small buildings were swept completely away. The damage to buildings, tents, household effects, merchandise and other goods and chattels seen everywhere.

Individual losers are: probably the Alaska Commercial Company and the Wild Goose Mining and Trading Company. A serious loss is the disappearance of over 2000 tons of coal.

Capt. French, in command of the troops, has thrown open the government reservation which remained homeless by the storm, and will extend such other assistance as is possible.

German Transport Puts Back.

SAN FRANCISCO, Sept. 24.—The transport Samoa, which sailed for Taku on September 22 with a load of horses for the German troops, has put back to port on account of the breaking down of her electric air pumping apparatus.

SAN FRANCISCO, Sept. 24.—The Democratic convention of this city and county met tonight and after adopting

repeat that all the organizations, or combination of capital that were amenable to the law, and that had the power to oppress the people, have been suppressed, and have been dealt with according to the law. They do not want out, and if any did exist, they would be dealt with as the law in such matters demand."

Concerning the challenge issued by Chairman Edmonson of the National Populist Committee to discuss points at issue, Mr. Hanna said: "I have no objection to take issue with him on any of these matters he would be accommodated."

TOWNS AT FRESNO.

DENOUNCES AS USUAL.

I.A. P. NIGHT REPORT.
FRESNO, Sept. 24.—Hon. Charles A. Towns of Minnesota, opened the Democratic convention in Fresno, Calif., this evening, in an address to an audience of 1500 people in the Barton Auditorium. The meeting had been arranged by the Fresno Bryan and Stevenson Club, and was as enthusiastic as might be expected in this country, which has such a strong Democratic leaning. The vice-presidents included representative men from every town in the country.

Mr. Towns arrived in Fresno this evening from the North at 5:05 o'clock, accompanied by his wife and Hon. M. F. Tarpey of Alameda. He was met by the Raisin City Band and a large delegation of local dignitaries and friends.

The address at the Barton Auditorium was taken up almost entirely with discussion of the issues of imperialism and silver. Towns began with some remarks on the use and misuse of political parties and the need for more patriotic and less partisan spirit. He declared that any good property was due to natural causes, not to the administration, and denounced the party in power for bringing about the coal miners' miseries in Pennsylvania. The address was about two hours long and aroused intense enthusiasm. Towns went south on the "Owl" at 10:30 o'clock tonight.

SAN FRANCISCO NOMINATIONS.

Republican and Democratic County Conventions Name Their Tickets.

I.A. P. NIGHT REPORT.
SAN FRANCISCO, Sept. 24.—The Republican City and County Convention reassembled tonight and nominated the following ticket:

For Superior Judges—Unexpired term,

NEW YORK, Sept. 24.—The

Franklin county grand jury reported

virtually that the property of the Transvaal government.

The Holland directors, in order to prevent confiscation of the railway by the British military authorities, will be anxious to close the line and put it in working order for Pretoria for supplying the army of occupation and for resumption of mining operations on the Rand.

The interests of Portuguese miners are identified with those of the directors.

A neutral base, without which the Boers could not have armed themselves and kept up a year's campaign, is converted by the completion of Robert's campaign into a center of commerce, with a victorious army and the mining camps which are behind it. The Boer refugees are disarmed and even imprisoned, and merchants of Delagoa Bay are settling down at once for a period of brisk trade with Pretoria and Johannesburg.

The railway bridge at Koomoatpoort has been saved, probably through the good offices of the Portuguese, and raiders who interfere with prompt resumption of business all along the line will have no friends in Delagoa Bay.

The entire influence of the national army will be thrown against a prolongation of the hopeless struggle by train wreckers and roving bands of guerrillas.

KOOMAATPOORT OCCUPIED.

I.A. P. NIGHT REPORT.
LONDON, Sept. 24.—Lord Roberts reports from Pretoria under date of September 24, that the guards under Pole-Carew occupied Koomoatpoort this evening. The bridge was found intact. Much riding stock, locomotives, truckloads of "Long Tom," and gunboats captured. Only a few rifle shots were fired.

Roberts adds: "Pretor captured Aramus Camp, 2 cattle, 2000 sheep and 30 prisoners. Methuen made another big haul of stock."

Roberts also reports few Boer troops remaining in the Eastern Transvaal.

ON PORTUGUESE FRONTIERS.

LORENZO MARQUEZ, Sept. 24.—British patrols have reached the Portuguese frontier. Boers continue to cross above and below the portion held by the British. The riding horses of the Boers are in a terrible condition.

TO HARASE THE BRITISH.

I.A. P. NIGHT REPORT.
LONDON, Sept. 24.—(By Atlantic Cable.)—M. J. Bowles, reporter for the Daily Mail from Lorenzo Marquez, will remain with the fighting burghers, and it is estimated that a force of Boers aggregating from 7000 to 12,000 is planning to harass the British lines of communication.

GOLD IN KOYUKUK.

RICH STRIKES Reported on Emma, Slatz and Mystic Creek and North and South Forks.

I.BY DIRECT WIRE TO THE TIMES.
TACOMA (Wash.) Sept. 24.—[Exclusive Dispatch.] Authentic news that the Koyukuk is a gold-producing country is brought from the North by F. D. Marsh of Creston, Iowa. He says the principal development work has been done on Slatz Creek, and its tributaries. When he left John Morris, owner of claim above Morris Creek, was washing out about \$1700 per day. Many other properties were doing well.

Pickets and Bettles were taking out

one thousand dollars a day from their bench claim on South Fork.

The best reports were coming from Emma Creek, and the Koyukuk, on the middle fork of the Koyukuk. The creek was originally st

Tanforan Park.

LA. P. NIGHT REPORT:
HARTFORD (Col.). Sept. 24.—Joe Walcott and Mysterious Billy Smith faced at the Coliseum tonight, the bout being scheduled for twenty rounds. At every stage of the fight Walcott proved himself to be Smith's superior. He fought him all over the ring, landed at will, and at the end of the ninth round Smith had received so much punishment that he complained of his left hand being bad and wanted to quit. The referee refused to allow him to do so, and in the tenth round Walcott went at Smith hammer and tongs, driving right and left swings to the stomach and head. Smith, who had fought foul in some of the earlier rounds, and who realized that he was no match for Walcott, abandoned the bout by holding up his corner by the referee and Walcott was declared the winner.

THE CRISIS IN CHINA.
PEACE IS
PARAMOUNT.European Cabinets are
at Work on Germany.Request Her to Abandon
Surrender Demand.Danger in the Ascendancy of
Prince Tuan—Slap at the
United States.

(A. P. NIGHT REPORT.)

LONDON, Sept. 25, 2:30 a.m.—(By Atlantic Cable.) A semi-official statement has been issued at St. Petersburg that the European cabinets are engaged in an endeavor to induce Germany to abandon her demand for the surrender of the German Emperor, and to bring the outrages as a preliminary to peace negotiations. The Vienna correspondent of the Daily Chronicle asserts that Russia's reply to the German note is very friendly, but that, although it appears to consent to Germany's proposal, it practically disapproves by word whether it would not be best to open negotiations directly to make the punishment of the instigators of the outrages the first subject of discussion.

According to the Berlin correspondent of the Daily Express, Germany will make a new proposal, namely, that the great powers, or an international power, try to make officials accountable for complicity in the outrages.

The Morning Post has the following from its Shanghai correspondent, dated yesterday:

"The Russians recently organised an expedition toward Mukden, which has already crossed Lake Manchuria and midway between New Chwang and Mukden. It will probably encounter resistance."

Prince Tuan's association creates a very grave danger. The only hope foreigners is that the pro-foreign Viceroy has not been removed. Tuan's emissaries are working to get him out of the way by murder or suicide."

The British and continental press is still discussing America's reply, which apparently respects an encouraging letter from Li Hung Chang to delay the negotiations.

RUSSIAN CONTROL AMUR.

Gen. Grishay, military Governor of Amur, has published elaborate regulations, placing all the regions along the Amur River now occupied by the Russians entirely under Russian law and making all Americans forbidden to return to the Amur after October 1st. The American missionaries, who had reached London in good health, although they endured terrible hardships.

TERMINAL EXPERIENCES.

We had no idea then of the terrible journey which awaited us," continued Mr. Williams. "We had no notion of having to escape across Siberia, and only purposed to remain in some place of safety and return after the crisis. It was agreed to stay, however, the officers ordered us to leave our ship, and we did so, if it was necessary to do so, to get away from the Chinese."

Commenting upon the reproaches of the German papers, have issued a statement to the United States, the Berlin correspondent of the Times says:

"Whatever may be thought of the attitude of the United States, it hardly seems wise to give a diplomatic answer to such baseless taunts at a nation which, as experience has shown, is by no means in the habit of pocketing and forgetting such attentions."

SLAP AT UNITED STATES.

The International court of justice would decide upon the question of guilt or innocence of the United States. To look on conveniently while a mockery of justice, such as the Ascendancy of Prince Tuan is, is being enacted would mean a renewal of the massacres."

CHINESE DEFY
GERMANY.Prince Tuan is Honored by an
Appointment Instead of
Punished.

(A. P. DAY REPORT.)

NEW YORK, Sept. 24.—A dispatch to the Herald from Shanghai says Prince Tuan is declared by Takuotang to have been appointed grand secretary of the Empire, a position enabling him to control all communications to and from the three. This constitutes a defiance of Germany's demand.

The Takuotang of Shanghai, who signed for the viceroy, the friendly agreement with the foreign consul, has been removed by imperial edict; the viceroy, being strongly anti-German and having urged the Chinese government to repudiate the foreign debt, and being Kang Yu's protégé. An official protest was made by United States Consul Goodnow to the viceroy. These facts are considered a defiance of Germany's demand for the punishment of Prince Tuan, as the head of the Boxers. The Chinese are greatly embarrassed by the appointment. The Washington correspondent of the Herald, commenting on the above dispatch, says:

OFFICIALS INTERESTED.

Considerable interest was taken by American officials and Minister Wu in the announcement that Prince Tuan had been appointed secretary in defiance of the French grand secretary. It is a sinecure. Before the present dynasty entered into power the grand secretary was a very important post, all of the communications to the heads of the incumbent. The Privy Council is now the important body, and I could very well believe a report that Prince Tuan had been ap-

pointed to membership in that body. But I do not think the report that he has been made grand secretary is true."

Referring to statements that Prince Ching is the chief of the Emperor, the Chinese Minister said: "The secret correct. Prince Ching is only a distant relative of the Emperor."

It is not believed that the appointment of Prince Tuan would change this government's purpose to enter into negotiations, as proposed to make the punishment of the responsible authors of the outrages a matter of negotiation.

SAVED JUST IN TIME.

LEGATIONS WERE DOOMED.

(A. P. DAY REPORT.)

NEW YORK, Sept. 24.—Gretta Yamaguchi has stated in an interview that Peking was relieved only three days within time to save the legations, says a dispatch to the Journal and Advertiser from Taku. English plans with complete instructions regarding guns were found in Chinese officers' quarters translated into Chinese.

Twenty thousand Japanese troops are now at Taku. A French priest has arrived from over the western hills with seventy Chinese Christians, and guns made from iron bedsteads, the first shots from which killed twenty British. They held out until twenty days ago, when he escaped from Yangtze, four days' march from Taku.

MADE A CLEAN SWEEP.

(A. P. DAY REPORT.)

NEW YORK, Sept. 24.—A dispatch to the Herald from Hongkong says the French gunboat Avalanche found all quiet in the Sun Tai district.

The disturbance arose through Chinese soldiers plundering a convert's medicine shop.

The outbreak spread to several towns.

The cause of the outbreak is attributed to the interference of the church in civil questions.

THE CHINESE SITUATION.

There is no material change in the Chinese situation. The reply of the United States government to the German note and to the several communications of other powers is receiving earnest consideration at the hands of the various diplomatic representatives. The position of the United States has introduced a new element into the situation, and it is regarded as a "wert of turning point" in the negotiations, on which the alignment of the several countries will be determined and their programmes framed. No word of response has been received, thus far, from any of the powers, as showing their views on the American position, and it is thought that some days must elapse before a new move is made.

The *Kinliche Zeitung* publishes an "inspired dispatch" from Berlin, in which it is stated that the American reply is construed as "a manifest endeavor of the government to accept the proposals with regard to the punishment of the leaders in the Chinese trouble." It is added that, so far as a settlement between the powers and China is concerned, "it makes no difference whether America cooperates any further or not," and that "forces sufficient for all emergencies will remain to secure the explanation demanded by the civilised world."

A London dispatch says that a number of American missionaries have just reached that city in good health, having escaped from China by way of Siberia, suffering terrible hardships en route. Twenty thousand Japanese troops are now at Taku. A dispatch from that place says that a French priest has arrived there "with seventy Chinese Christians, and guns made from iron beatstocks, the first shots from which killed twenty Boxers."

According to a Shanghai dispatch to the New York Herald, "Prince Tuan is detained by Taotai Sheng to have been appointed grand secretary to the Emperor, a position enabling him to control all communications to and from the throne." Should this statement be confirmed, it will constitute a defiance of Germany's demand for the surrender of the leaders guilty of the Peking outrages. No confirmation of the news of the alleged appointment has been received in Washington.

The above-mentioned dispatch from Shanghai also says that "The Taotai of Shanghai, who signed for the viceroy the friendly agreement with the foreign committee, has been removed by imperial edict, his successor being strongly anti-foreign and having urged the Chinese government to repudiate the foreign debt, and being Kang Yü's protege. An official protest was made by United States Consul Goodnow to the viceroy."

One of Gov. Roosevelt's practical replies to the question as to where he stands on the subject of trusts, is to be read in the assessment rolls of New York, where, he reminds his hearers, something like \$600,000,000 of corporate property which has heretofore escaped taxation has been placed on the rolls.

It is only to be expected that in Pennsylvania when more violence prevails.

The theory that lightning never strikes twice in the same place is being shot down in Texas.

It is fortunate for Galveston that the census was taken before September 5.

"NOMINATED HIM TWICE AND ELECTED HIM ONCE"

The caustic communication from Madison T. Owen, published in The Sunday Times, throws a great deal of light upon the methods of the local gang of "cheap and nasty" would-be politicians otherwise known as "de push;" and particularly does Maj. Owen's exhortation reveal the modus operandi of W. F. X. Parker, Southern Pacific henchman and heel-in-general of the aforesaid gang.

"I nominated him twice and elected him once," Parker is quoted as saying, with reference to former candidacies of Maj. Owen. "I nominated him twice?" What, then, did the convention do? What use for conventions, in point of fact, so long as we have Parker? Why go to the needless expense of primaries, caucuses, and the other cumbersome and obsolets machinery while leading up to political nominations? Why not leave the whole thing to W. F. X. Parker—since he is the "whole thing" anyhow?

"I nominated him twice and elected him once!" Modest, retiring, bashful Parker! What use for holding elections, when Parker can both nominate and elect candidates, either once or twice, or presumably as many times as he sees fit? It is clearly impolitic for the people to take these burdens when Parker stands ready, and even willing, to bear them. It is a lot of trouble for the people to get together and "mooch," wrangle and chew the rag over these things, when Parker can take care of the whole matter without wrangling or rag-chewing. In short, of what use is the public, anyhow? It is evidently a superfluous quantity, a redundant entity, a mere abstraction, a cipher with the descriptive circle eliminated, a fragment of the fancy, a hypothetical proposition, a reduction ad absurdum, and a d---d barrel of ideology—in the public, with Parker in the saddle.

"I nominated him twice and elected him once!" says Parker, with smug satisfaction. And all the time the local Republicans foolishly thought they were doing a little of the nominating and electing. They did not know how the philanthropist, Parker, was saving them from the wear and tear incidental to the nominating and electing business. It has not been suspected, heretofore, that Parker was so great a labor-saving device as he turns out to be.

"I nominated him twice and elected him once!" Maj. Owen has performed an undoubted public service in calling attention to the new and improved nominating and electing device called W. F. X. Parker, that clips the wings of the law, the law-makers, the officers of the law, the electors themselves, and knocks all sorts of voting machines higher than the esteemed Gilderoy's old kite was ever knopped.

Now that we have found how easily the whole thing can be managed, there will, of course be no more nominating conventions, nor any more elections. When new officers of any sort are needed, it will only be necessary to tip the balance to Parker, use the "phone and the wireless of nominating and electing such officers may be considered as good as done. Great, indeed, is Parker and his "push."

A FRENCH BANQUET.

It is a common saying that many phases of the French character are difficult to comprehend by people of other nationalities. An instance of this is furnished in a dispatch from Paris, telling of a big breakfast given by the French President to mayors of French cities, in honor of the exposition. It was in many respects a striking affair, the waiters being mounted on bicycles. A dispatch states that "the arr. generic had been going forward for some weeks, and resulted in such excellence of details that the event was carried to perfection without a hitch." Immediately following this statement we are informed that when the anti-Semitic mayor of Aligiers tried to secure a hearing, his voice was drowned by shouts, and as the police came to Parker, use the "phone and the wireless of nominating and electing such officers may be considered as good as done. Great, indeed, is Parker and his "push."

THE PUBLIC SERVICE—IN THE OFFICES AND COURTS.

SUMMARY OF THE DAY.

The City Council yesterday authorized the City Attorney to begin a test to determine the legal status of the present Board of Freeholders.

Justice Silver yesterday introduced a motion asking the cooperation of the city in getting the new law amended so that it would permit the "offal" money litigation to proceed.

On Friday last night the city council voted to prohibit the use of the city's sprinkling cart parades.

It was a great success.

Allen put an end to the controver-

sies over the "offal" money litigation by denying a writ of mandamus to Coroner Holland against Justice Jones.

Two new incorporations were filed in County Clerk's office yesterday.

Supervisors refused to approve the making a saloon possible at the new site.

Justice was tried in Judge Tracy's court, involving \$250, left by funds for the propagation of Socialism in Los Angeles.

G. Kotisha, who attempted to Dr. Martindale, will not be pro-

secuted. No charge has been made in case of Frank Savage.

FREEHOLDERS'

TEST SUIT.

企图 to Be Made to De-
termine the Legal Status
of the Present Board.

We will at once be taken to determine the legal status of the Board of Freeholders now engaged in framing a new city charter. The Council yesterday authorized City Attorney Haas to bring a friendly suit in the courts on the matter, all the expense to be borne by the city.

Judiciary Committee of the city recently explosed a bomb shell in the city hall. The committee had no legal existence and their work as a board was therefore null and void. Since then, the raised by the committee has been agitated by many able lawyers, but opinions let by the board as much as ever at one.

A law under which the board supposed to be working is that a new charter may be elected a new one. It has nothing to do with the framing of another if the first fails to give satisfaction, but it does say that amendment may be submitted to the original charter through the Council.

Judiciary Committee has interpreted how to make that the work he board will not be in vain, a committee composed of A. M. Hutton, Jacob Frankenstein and Sherman appears before the Council yesterday to move to secure an amendment regarding the position of the board. The committee asked the will to aid in establishing the legal of the board and some changes in the result of their work will be submitted to a vote of the in some form.

M. Hutton, Rep., chairman of the Judiciary Committee, told the first the Council. He outlined the duties that confronted the board stated that until the State Supreme Court should pass on the question there should be no change in the law. It should be assumed that their labor would be in vain. If the Council would be to submit the charter to the people in the form of an amendment to present the same in the first instance.

The Council, he said, will decide that the board had legal existence, the freeholders did feel justified in proceeding with work. Such an amendment would be to add a section five-tenths of one percent to carry. It would then be submitted to the State Legislature for action.

After citing several authorities, and quoting opinions at length, the committee of the Judge Haas gave its in the closing sentence, which read as follows:

"To the reasoning contained in the foregoing decision, submit that there are other more reasonable answers, and therefore there is absolutely no merit, whatsoever, in the contention of your Judiciary Committee that the city of Los Angeles cannot amend its charter except by permission of the high five of its City Council."

HERE AND THERE.

City Attorney Haas appeared before the Council yesterday morning to ask further instructions about proceeding in the closing sentence, which read as follows:

"To the reasoning contained in the foregoing decision, submit that there are other more reasonable answers, and therefore there is absolutely no merit, whatsoever, in the contention of your Judiciary Committee that the city of Los Angeles cannot amend its charter except by permission of the high five of its City Council."

The greater part of the meeting last evening was taken up with a report of the Committee on Public Utilities.

Attorney Haas made the point that the city could ill afford to spend \$250 in advertising the charter question, so as to bring up its legality as soon as it was put into operation. The charter might then be litigated for six months or more and the city officers would not know what was going on while the law was operating. Nevertheless, he insisted that the question was not to be much doubted.

The charter might then be litigated for six months or more and the city officers would not know what was going on while the law was operating. He said there was vast difference of opinion as to whether more than one board of freeholders could be chartered. His ability to frame a charter and the point never brought before the Supreme Court in this state. He thought the case could be put through the lower courts and before the Supreme Court, he would then have his answer. Owing to the importance of the case, the court would probably decide the question in this city. In conclusion he said to be empowered to incur the necessary expense of making the test.

He stated in the course of his remarks at noon that the Council decided that the city had no legal existence. The Council undeniably was obliged to submit a draft to the people in the shape of amendment to the present charter.

He also stated that the Council had no power to make any changes in the charter, so as to bring up its legality as soon as it was operating. He said that the members of the City Council, hereby express our willingness to submit the draft to the people in the shape of amendment to the present charter which was unanimously carried:

"We resolved, that we, the members of the City Council, hereby express our willingness to submit the draft to the people in the shape of amendment to the present charter which was a draft may suggest, without alteration or reference, provided, however, that the same shall be submitted to the people for a separate affirmative expression of the voters." City Attorney Haas was instructed to file the draft at the earliest opportunity, remarking that the expense was significant in view of the amount at

VARIEL'S OPINION.

FREEHOLDERS LEGAL BODY.

Judge R. H. F. Variel will be requested by the Board of Freeholders to cooperate with City Attorney Haas in bringing before the Supreme Court a friendly suit to test the legality of the existence of the Board of Freeholders.

He agreed to do so at the request of the charter framers last evening in the Council chamber, and on the suggestion of Judge A. W. Hutton, President of the Freeholders, appointed a committee to work on Judge Variel.

Judge Variel had submitted to the board a lengthy opinion, in which he contended that the board is a legally constituted body, and has the constitutional right to frame a new charter for the city.

The arguments made by Judge Variel includes the following contentions:

"First. That the Constitution, in effect, may say that the words 'may frame a charter for its own government' is to be interpreted as though it read 'may frame only one charter for its own government.' But, Board of Freeholders, I suggest that a more reasonable way to read this clause is that such city may frame a new charter for its own government whenever it needs one.

"There is a great deal more justification for this latter contention, than there is for the narrow construction suggested by the framers. Notice the language of this paragraph, taken from near the middle of section 8 of the Constitution:

"Resolved, that this city become a member of the County unit in wishing him a 'happy new year' and out of respect for my Council I take a recess until 2 o'clock this afternoon."

"Resolved, that His Honor, the Mayor be requested to unite with this body in asking said organization to use its best efforts to secure the passage at the next session of the State Legislature of an act authorizing the Board of Freeholders to provide for the sale and disposal of municipal franchises upon such terms and conditions as will assure full compensation to the city, and absolute certainty of construction within reasonable time limits."

RAT CONTRACT.

ITEMS MISCELLANEOUS.

On recommendation of the Supply Committee, the Council yesterday rescinded its action in awarding a contract to the Los Angeles Fire Department to supply the city with wheat and barley hay, and substituted therefor a contract with the company to supply 30 tons of wheat and barley hay.

IMPORTANT REPORTS.

PROGRESS OF GOOD CAUSES.
An afternoon session was devoted to hearing and action upon a number of committees. In the afternoon, the Deacons' Home, Rev. Thompson presided and the meeting closed with the singing of "Oh for Me and Tongues to Sing," and the report of the Bible class.

John Thompson, M. Ross, yesterday, in his opinion in the case that he had written before him almost since August 22. The opinion was that these history-making men are laying new obligations upon the church in the circulation of the report.

In bringing about the great movement which the church confidently expected, the committee recommended that the funds be held in trust until the time when technical difficulties have been properly ob-

viated. The two cases brought by

scrippers to oust the other locators from their mineral rights were discussed on the assembly.

The opinion of forty-two years in the case of oil rights was also presented by the son of lawyers.

With profound interest, the

two rulings are so clear and explicit

in the points involved that it is

not difficult to see what

the court will do.

ON BENEVOLENCE.

A report of the Committee on Benevolence was presented by Rev. John Thompson, who has had a residence of forty-two years in the city of oil rights.

He said that the work of the American Bible Society is commendable.

In addition to the adoption of

the report, commendatory remarks were made by Rev. Mr. Goodwin and Dr. W. H. Perry.

THE EXAMINER.

A report of the board of examiners was presented by Rev. A. J. Loveland, who recommended that the conference make it obligatory for all to attend the annual conference to accept certain examinations in theological and ecclesiastical subjects.

It is recommended that no examinations be given all under the discipline of the conference, that an examination be given at the annual conference, that the board organize the same examination and send the results to the General Missionary Committee; that the examinations of the conference be given all under the direction of the conference.

NDAY-SCHOOL IMPORTANCE.

A Sunday-school report presented by Rev. W. A. Wright, president, reported that the conference made it obligatory for all to attend the annual conference to accept certain examinations in theological and ecclesiastical subjects.

It is recommended that no examinations be given all under the discipline of the conference, that an examination be given at the annual conference, that the board organize the same examination and send the results to the General Missionary Committee; that the examinations of the conference be given all under the direction of the conference.

THE CONFLICTING CLAIMS.

The cases decided yesterday were the first brought after the decision in the above-named case, and were test suits filed by "scrippers" to dispossess claimants who had made deposits.

The first suit was brought by the Cosmopolitan Sunday-school board, which is composed of 2,000 scholars, and officers and \$1,000,000 in assets, who is the president of the Sunday-school board, and the second by the Methodist Episcopal Church.

The possibilities of culpability under the circumstances presented a trial of a more thoughtful and careful effort to increase its means of promoting Biblical knowledge and of gathering Biblical teachers of the schools.

It was recommended that the Conference be instructed to the Sunday-schools to be the sole organiza-

tion of the church.

TEMPERANCE PROGRAM.

A temperature report presented by W. F. Pease, which was ordered read in the session, included in the report a statement of the administration of temperance as a discipline, when the vice and immorality of the "golden rule" of temperance was introduced.

The temperature report presented by the Anti-Saloon League, in the second Sunday in January, the collection to be used for the Sunday-schools.

THE DECISION.

Judge Ross's decision, after a statement of the facts alleged by the complainants, and a summary of the arguments, by the defendants, speaks the word in equity, and says:
